reviewed

F3 Events:

Did you know there are currently 449 employees in Facilities? We have so many coworkers that we don't interact with everyday. To help us connect with someone from another area of Facilities, the DEI Committee sponsors **F3 Events (Facilities, Food, & Friendships)**. F3 Events are held quarterly, are free for staff members, and give Facilities staff the chance to meet others in the organization. You can learn about the other person's job, maybe even learn about their professional and personal interests.

October 2023 F3 Participants Pictured Below

First F3 Participants Pictured Above

To participate in a F3 Event: please put your name, along with F3, in one of the DEI Suggestion Boxes.

We look forward to seeing you!

Tammi Burdette
Business Officer Supervisor

Tammi supervises fiscal operations within the Business Office and provides project accounting and reconciliation. She has 18 1/2 years of service.

Comment from Aubrey Miller:

I'd like to take a moment to acknowledge and appreciate Tammi's outstanding effort in her work. Her dedication to going above and beyond what's expected is truly remarkable. Her meticulous attention to detail and commitment to delivering results exceed our expectations and sets a high standard within our team. Tammi's extra effort doesn't go unnoticed. We value her proactive approach to tackling challenges. Her dedication and contributions have had a significant and positive impact on our team and the entire organization; we are genuinely grateful for that.

Thank you, Tammi, for consistently putting in the extra effort; your hard work is valued and appreciated.

Joe Stapleton
Supply Specialist III

Joe provides Warehouse and Tool Room Support. He has 10 years of service.

Comment from Jerrad Ward:

Joe is hard-working and is always willing to help others. He makes sure our custodial staff are taken care of each week and communicates with facilities employees daily about their supplies.

I'm glad he's a part of our team!

Juliette Woodberry
HR Administrative Coordinator

Juliette provides payroll coordination and is a liaison with central HR. She provides Facilities HR support in the areas of leave reporting, evaluations, planning stages, benefits, and onboarding. Juliette updates the Facilities Organizational Chart with new hires and job changes. She provides guidance related to all HR matters to facilities staff. She has 2.5 years of service.

Comment from Aubrey Miller:

Juliette's readiness to assist her colleagues and offer guidance on a wide range of HR matters is a testament to her commitment to the well-being of our staff. Her acute attention to detail, combined with her dedication to her role, underscores her significance to our team. Her contributions are instrumental to ensuring our paychecks are timely and accurate.

Keep up the exceptional work, Juliette!

We Wish You Many Happy Years!

Subject: Keegan Bodiford and Arbor Crew Kudos

Keegan:

You did the BEST job today at the tree planting demonstration! Your words totally reinforced what they have learned in the classroom and seeing you all plant the first redbud; then participating in the planting of others totally reached the engaged (kinesthetic) learner (the ones that learn best by seeing and doing). I am so grateful for your shared quality time and knowledge and that of your team! Perfect experience! If your photographer can send me any shots I will share them with PES and CAFLS admin.

Thank you Tommy for supporting Keegan and his team's educational engagement with HORT 1010!

Kind regards,

Ellen

Ellen Vincent, Ph.D.

Senior Lecturer, Faculty of Horticulture

Subject: Vickery outdoor study table Kudos—Harry Harritos and Ashley Sharpe

I wanted to thank both of you (Harry Harritos and Ashley Sharpe) for your help in identifying the appropriate outdoor furniture for the Vickery Hall area. It has been a real hit, used most of the day every day. They also installed the umbrellas recently.

Thanks,
Phil

Subject: Kudos—Shantell Glass and Kim Harper

I'd just like to take a moment to shine a light on what some of us in Long Hall consider to be unsung heroes in our area. Shantell Glass and Kim Harper

keep our building in such great shape and never cease to amaze us, given the extremely high volume of student traffic and lab use in our building. Over 1,000 students go in and out of our teaching labs each week, and that is just what's happening on the 3rd floor. Shantell and Kim work tirelessly to keep all rooms, hallways, and bathrooms clean. They do so with the best attitude as they always have smiles on their faces and cheerful greetings to offer. They go above and beyond in checking with us routinely to ask if there are any specific needs or concerns. We feel so fortunate to have them working with us in our area, and we sincerely appreciate all that they do.

We'd like to thank you all for the work that you do to take care of our building and our campus!

Rebecca R. Ackerman

Lab Technologist III, Instructional Lab Manager

Subject: Kudos—Emily Priest and Katherine Daily

Hi Tommy,

I noticed a lot of landscaping work around Vickery over the past few days. It looks terrific over here! Students have been flocking to the tables recently set up. The upgrade around the building really makes it a great environment for them. If your team (Emily Priest and Katherine Daily) did the landscape work over here, please pass on my thanks for the excellent job they've done.

Best,

Sean

SEAN BRITAIN

Associate Provost and Dean of Undergraduate Learning

Professor of Physics & Astronomy

Subject: Roger Wiggins Jordan Renovation Kudos

Just a note to say that both Melissa and I are very grateful for your continued support of our renovation project. We appreciate you (Roger Wiggins) searching for extra funding and trying to find ways to make the space look great.

Thanks for all you do!

Renée Lyons

SCIENCE EDUCATION OUTREACH DIRECTOR

Subject: John Gambrell Kudos (SC Botanical Garden)

I just wanted to share my thanks for John Gambrell's extra efforts last Thursday. We last-minute closed our main entrance, for paving, and had over 75 cars in the front parking lot. I circled back through the Garden at 6PM not knowing what to expect. I thought perhaps we would have cars lost in the arboretum and unclear directions from within the gate as to how to get out of here. I made it through the arboretum and only saw one vehicle that might have been lost (and this is a low number even on a normal day). When I reached the front gate, I pulled over to speak with the young man stationed there. He very easily articulated to me what was happening and let me know that none of the visitors turned back around lost. He also assured me that he was responsible for locking up our secondary entrance and planned to do so the minute that the front entrance reopened. This meant a lot to me because I had planned on returning around 8PM to make sure that we were secure. I had no doubts that he was on top of it and didn't worry about it at all for the rest of the evening. My sincerest gratitude to you for taking the time to make the best out of this potentially chaotic situation. And please pass my thanks along to the employee stationed at our front gate.

Best,

Shannon Barrett, MLA
