Statement

Welcome to University Facilities!

It is my pleasure to welcome you to this team of talented and committed individuals who work each day to support the teaching, research and public service of Clemson University. Each of our areas (Capital Projects, Maintenance/Construction and Renovation, Environmental Safety, Landscape Services, Planning and Design, Utilities and Support Services) contains people who have the special skills and talents needed to serve our campus community in their own, unique way. University Facilities relies on the commitment of each staff member to safely and effectively support University goals by excelling in serving the needs of our campus community, bridging successful partnerships that lead to service excellence, and building on our strengths through continuous improvement. In everything we do, we place safety as our top priority. Safety-First, Last and Always!

I am grateful you are here as a valued member of the University Facilities team!

Todd
