

College of Veterinary Medicine

State Project H12-T049-PD

Deadline for questions: March 14th at 2:00 PM

Questions & Answers

Q: Is the Standard Form 330 included or excluded in the 100-page limit for submittals?

A: The Standard Form 330 is included in the 100-page limit (50 double-sided pages) for submittals.

Q: Our understanding is the total submission (SF 330 + Additional information on our team) is limited to 100 pages (or 50 double-sided pages.) Out of those 100 pages, are we limited to 20 pages of content outside the SF-330 form?

A: Firms/teams may use their discretion as to how to divide the page count between the SF-330 and the additional information provided to describe the team's qualifications.

Q: Will Clemson want to see an AV Design Consultant that is different from the AV Subcontractor for installation?

A: The AV design consultant should be different from the installer. Standard practice is for the Architect to provide the AV design consultant while the GC brings on the installation contractor.
